EXPERIENCE

De Beers Group, London UK - *Pricing Data Analyst*

MARCH 2019 - PRESENT

- Personal project work frequently included in the monthly Executive Committee meeting (headed by the CEO) and directly affecting the final pricing decision
- Conducting advanced statistical analysis of structured datasets using a variety of modeling techniques such as linear regression, classification, neural network and decision tree models to forecast sales volume and price movement
- Working on in-house modelling systems with the aim of generating output that fundamentally informs pricing decisions
- Designing and testing statistical hypotheses to identify causal links between customer behavior, business opportunities and performance

Argus Vickers, London UK - *Financial Research Analyst*

MARCH 2018 - MARCH 2019

- Produced equity share-register analytics reports for companies quoted on the London Stock Exchange, AIM & NEX, containing information such as the issued share capital, market capitalization, geographical location and investor type
- Used data analytics to identify new sources of capital by tracking the trading behavior of Fund Managers and Beneficial Owners who hold shares in our clients' peer group

AKQA, London UK - *Financial Analyst*

JUNE 2016 - SEPTEMBER 2016 (Fixed Term Contract)

- Responsible for the production of monthly management accounts for AKQA's European offices
- Evaluated AKQA's success at reaching its key business objectives by producing and analyzing a number of KPIs

Thessaloniki, Greece - *Director and Co-founder of Sports-Bar business*

JANUARY 2009 - JUNE 2016

- Developed business plan; defined business concept, market strategy, organizational structure and value proposition; built financial projections; identified target consumers; and analyzed market competitors
- Worked with architects, legal, contractors, financial institutions and all other stakeholders to ensure the running of the project on time and on budget

JPMorgan Chase, London UK *- Fund Accounting Analyst*

DECEMBER 2007 - DECEMBER 2008

- Provided full valuation packages on 30 Unit Trusts and OEICs, including detailed stock analysis, book cost and cash reconciliations, transaction and matured FX forward reports
- Performed daily checks and controls on all funds' NAV to ensure accurate valuations are achieved within the client's SLA and internal deadlines

JPMorgan Chase, Boston USA *- Mutual Fund Associate*

JULY 2006 - JUNE 2007

- Reviewed and analyzed transactions related to dividends, interest, corporate actions, fund and portfolio purchases and sales
- Determined daily fund value for assigned mutual funds, including verification of pricing within a required time frame for reporting to fund reporting services, shareholder accounting department, and fund sponsors
